

PUSHKAR G. GHANEKAR, Ph. D. Candidate

G060C, Forney Hal of Chemical Engineering, 480 Stadium Mall Drive, Purdue University, West Lafayette, IN 47907

Email: pghaneka@purdue.edu

Phone no: +1 (646) 678-6435

PROFESSIONAL SUMMARY

Chemical engineering Ph.D. candidate working on building an atomistic-level understanding of catalyst functioning for industry-relevant reactions. Using a combination of multi-scale modeling algorithms, primarily based on Density Functional Theory, and chem-informatics tools to develop design rules allowing for the prediction and development of next-generation catalysts.

EDUCATION

PhD in Chemical Engineering

Purdue University (West Lafayette, Indiana)

Advisor: Prof. Jeffrey Greeley

GPA: 3.86/4.0

(Anticipated graduation: Summer 2021)

2016 – Ongoing

B.E. in Chemical Engineering

Institute of Chemical Technology (Mumbai, India)

GPA: 9.17/10.0 (First Class with Distinction, Ranked 5th in class of 85)

2012 – 2016

SKILLS AND TECHNOLOGIES

Programming languages: Python (8+ years), html/css (2+ years), C (1 year), JavaScript (<1 year)

Recent Coursework: Neural Networks and Deep Learning, Improving Deep Neural Networks, Data science in ChE, Convolutional Neural Networks

Technologies: PyTorch, MATLAB, VASP, GPAW, ASE, Aspen plus, Flask, Final Cut Pro, Adobe Photoshop, Blender

Tools/packages: numpy, pandas, scipy, matplotlib, scikit-learn, selenium, beautifulsoup, git, emacs, bash

PROJECTS

PhD in Chemical Engineering

- **Thesis topic:** Investigation of morphology and functioning of multi-component catalytic interfaces using first-principles calculations
 - **Investigation of multi-metallic alloys using local environment-based crystal graph convolutional network** for oxygen-based electrocatalytic reactions
 - **High throughput screening** of perovskite-supported platinum catalyst for water-gas shift reaction
 - **Microkinetic modeling and dopant screening** for multi-functional Pt/MgO for water-gas shift reaction
 - **Ab-initio thermodynamic and kinetic analysis** of atomically dispersed catalyst on ceria for NO decomposition (in collaboration with Wang group, John Hopkins University)
 - **Grand-canonical genetic algorithm-based toolkit** to assess metal-oxide phase stability (in collaboration with Hennig group, University of Florida)
- **React+flask based online-platform** for lab-scale hazard evaluation and risk assessment (in collaboration with CISTAR and Purdue Process Safety and Assurance Center)

2016 – Ongoing

B.E. in Chemical Engineering

- **Senior Design Project:** Techno-economic feasibility analysis for production of 20,000 TPA of ortho-cresol via Green route
- **Python-based option pricing** using real-time stock market data based on Black-Scholes-Merton option pricing model
- **Educational tool for web-scraping online thermodynamic data-tables** and model thermodynamic equation of state

2012 – 2016

LEADERSHIP AND SERVICE

Murdock Elementary Teaching Volunteer

Teaching basic scientific concept to local school's third grade science club

2017 - Present

Purdue Catalysis Center Webmaster

Responsible for designing, modifying, and maintaining Purdue Catalysis Center website [\[link\]](#)

2018 - Present

CISTAR-SURF Undergraduate Mentor

Taught fundamentals of high-performance computing, using python and bash, to setup production quality electronic structure calculations based on DFT

May 2019

| | |
|---|----------------|
| CISTAR-SURF Highschool Teacher Mentor | May 2018 |
| Assisted a nation-wide cohort of high-school teachers on developing STEM courses focused on the basics of lab-scale reactions, high-performance computing; coding and basic algorithm development in the school curricula. | |
| First-year Representative (Graduate Student Organization) | 2017 - 2018 |
| Represent the incoming cohort of first-year graduate students. Organize mentor-mentee program and miscellaneous activities targeted to make the graduate school transition seamless. | |
| Purdue Cycling and Triathlon club member | 2017 - Present |
| Responsible for organizing training rides, bike route planning, and volunteer recruitment for domestic race events | |
| Citizens' Climate Lobby (Lafayette Chapter) volunteer | 2019 - Present |
| Technical Head and Core Organizing Team Member (Vortex 2014, Institute of Chemical Technology) | 2014 - 2015 |
| Responsible for designing, building, and managing the festival website. Organized IDP (Industry Defined Problem) during Vortex 2014 (total participation 1500 students). Lead Designer involved in designing festival merchandise and apparels. | |

TEACHING EXPERIENCE

| | |
|---|-------------|
| • Design and Analysis Of Processing Systems (ChE45000) | Spring 2019 |
| • Process Dynamics and Control (ChE45600) | Fall 2017 |
| • Graphic Designing using Adobe Photoshop (Institute of Chemical Technology, India) | Spring 2016 |

RESEARCH PUBLICATIONS

CONFERENCE PRESENTATION

| | |
|---|---------------|
| • Pushkar Ghanekar , Jeffrey Greeley, <i>North American Catalysis Society Meeting, Chicago (IL)</i> | June 2019 |
| • Pushkar Ghanekar , Jeffrey Greeley, <i>AIChE Annual Meeting, Pittsburgh (PA)</i> | November 2018 |
| • Pushkar Ghanekar , Jeffrey Greeley, <i>Purdue Graduate Student Organization Symposium (Poster)</i> | 2018, 2019 |
| • Pushkar Ghanekar , Jeffrey Greeley, <i>SUNCAT Stanford Summer School (Poster), Stanford (CA)</i> | 2017 |

INTERNSHIPS

| | |
|---|--------------------|
| Research and Development Intern – Dow Chemical Company, Lake Jackson (Texas, USA) | June - August 2020 |
| Apply AI and machine learning techniques to troubleshoot complex manufacturing problems and develop data analytics technologies to address emerging R&D and manufacturing opportunities | |
| Process Engineering Intern – Black and Veatch, Mumbai (India) | June - August 2015 |
| Designing and optimization of proprietary LNG liquefaction unit | |
| Research and Development Intern – Hetero Drugs, Bengaluru (India) | June - August 2014 |
| Scheduling chemical engineering operations for manufacturing API and involved in pilot plant scale-up | |

ADDITIONAL INFORMATION

- **Awards:** K.C. Chao and Jiun Chao Graduate Education Endowment (AIChE Dept Travel Award, 2018), Ratan Tata Engineering Endowment (Merit-based educational scholarship, 2013-2016)
- **Language:** Hindi (native), Marathi (native), English (fluent), Spanish (basic)
- **Interests:** Cooking, Baking, Cycling, Running, Squash
